

River Reach Project Status
As of March 1, 2009

The City has completed a Baseline Environmental Assessment (BEA) of the property as required by the Michigan Department of Environmental Quality (MDEQ).

The City and its partners held a Community Open House on February 16, 2009 at the Parchment Community Library. More than 150 interested citizens attended.

The City's environmental consultant Environmental Resources Management, Inc. is currently developing a Due Care Plan for the site as required by MDEQ.

Demolition is scheduled to begin in December 2009.
