1. **KRVT Connection**  
   $750,000.00

- Existing wood overlook decks are refurbished as part of project.
- New 10’ wide concrete walk and 6’ wide recycled wood deck with handrail along river edge provides space for KRVT users to unload bikes and gather before and after using the trail.
- Existing gazebo is re-roofed and incorporated into new paving and deck construction.
- New shade trees in permeable planting areas provide shade and separation between street and river overlook area.
