13. Adjournment

MINUTES OF THE REGULAR MEETING OF THE PARCHMENT CITY COMMISSION HELD ON MONDAY, NOVEMBER 20, 2023.

1. Call to order

Mayor Britigan called the meeting to order at 7:00 p.m. then led everyone in the Pledge of Allegiance.

2. Roll Call.

Present: Mayor Britigan, Commissioners Cooper, Conner, Fooy, Jordan, and Madaras. City Manager Stoddard, City Treasurer/Clerk Stutz, Attorney Soltis.

Absent: Evans.

Moved by Vice Mayor Jordan, supported by Commissioner Fooy to excuse the absence of Commissioner Evans. **Motion Carried.**

3. Minutes

Moved by Commissioner Cooper supported by Commissioner Madaras to approve the amended minutes of the November 6, 2023 Regular meeting. Commissioner Fooy abstained. **Motion Carried.**

4. Additions or changes to the agenda.

None. Moved by Commissioner Madaras, supported by Vice Mayor Jordan to approve the agenda as presented. **Motion Carried.**

5. Citizen Comments – Items ON the Agenda

None.

6. Consent Agenda

A. Questions by Commissioners were answered regarding specific items. Moved by Commissioner Conner, supported by Commissioner Madaras to receive the consent agenda items. **Motion Carried.**

7. Unfinished Business

A. ARPA Funds Designation – action. Mayor Britigan reminded all that there are several projects being considered for the remainder of ARPA funds, and that the commission had tabled any decision. City Manager Stoddard updated everyone on the information gathered, adding a portion of Riverview to the list that would coincide with the City of Kalamazoo replacement of a water main. She mentioned that the State of Michigan required that the ARPA funds be designated by December 31 or the state treasury will keep 1% of the funds. Moved by Commissioner Cooper, supported by Commissioner Madaras to allocate the remaining ARPA funds to repave the easternmost Little League parking lot. Commissioner Cooper noted that using the money for Riverview would be a good use of the money, but wouldn't go as far. Commissioner Madaras added that she's been up to see that lot recently and it's in terrible condition. Mayor Britigan agreed. Roll call vote was as follows:

Ayes: Britigan, Conner, Cooper, Jordan, and Madaras.

Nays: Fooy.

Absent: Evans.

Abstain: None.

Motion Carried 5-1.

8. New Business

A. Auditors Report, Josh Gabrielse, Siegfried Crandall, PC – receive. Mayor Britigan welcomed Josh Gabrielse of Siegfried Crandall to present the audit of fiscal year ending June 30, 2023. Mr. Gabrielse highlighted the clean opinion, as well as the fund statements which enumerate year end fund balances. He answered questions from commissioners. Moved by Commissioner Cooper, supported by Commissioner Fooy, to receive the audit report for FYE 6/30/23. **Motion Carried.**

B. Household Hazardous Waste Program Agreement – action. City Manager Stoddard asked Attorney Soltis to share his thoughts about this contract renewal. Attorney Soltis gave a brief overview, noting that the city commission needs to pledge an amount for residents to be able to use for the entire year. Questions from commissioners were answered. Moved by Commissioner Fooy, supported by Commissioner Madaras to authorize \$1200 for annual disposal and authorize the City Manager to execute all documents related to this action. Roll call vote was as follows:

Ayes: Britigan, Conner, Cooper, Fooy, Jordan, and Madaras.

Nays: None.

Absent: Evans.

Motion Carried 6-0.

9. Citizen Comments

Officer Smith noted that ammunition can be given to HHW for disposal.

10. Mayor and Commissioner Comments

Commissioner Cooper thanked those in attendance, then said she's excited about repaving the LL lot, and seeing some projects finish. She was also glad to hear of the city's healthy audit.

Commissioner Fooy congratulated Commissioner Madaras on her reelection.

Mayor Britigan first read a statement from Commissioner Evans that stated she enjoyed working with this team of commissioners, urging them to "keep up the good work". He then had several items of note: the state's supplemental budget includes \$3.9m to fund the SB 131 business loop interchange, adding that the governor still has to sign it. He thanked Commissioner Evans for her service to the city, expressing his appreciation for her quiet leadership. He then reported that the KAC has approved her to be an at large member. The Mayor then wished everyone a happy Thanksgiving, reminding all that the next meeting will be when the new commission begins.

11. City Manager Comments/Reports

City Manager Stoddard wished everyone a happy Thanksgiving, then offered anyone with questions or concerns to call or text her.

12. Adjournment

There being no further business to come before the Commission, it was moved by Commissioner Cooper and supported by all to adjourn the meeting at 7:49 p.m.

CHANGES OR ADDITIONS TO THE AGENDA

There were no changes or additions to the agenda.

APPROVAL OF THE AGENDA

Johnson moved, and it was duly seconded by Sorensen, **“to approve the agenda of the October 25, 2023 Policy Committee Meeting.”** MOTION CARRIED.

PUBLIC COMMENTS

There were no public comments.

CONSENT AGENDA

- ACCEPTANCE OF THE TREASURER REPORT
- ACCEPTANCE OF THE TECHNICAL COMMITTEE REPORT
- ACCEPTANCE OF THE SOUTHCENTRAL MICHIGAN PLANNING COUNCIL REPORT
- APPROVAL OF THE MINUTES FROM THE SEPTEMBER 27, 2023 MEETING

Johnson moved, and it was duly seconded by Smith, **“to accept and approve the items on the Consent Agenda.”** MOTION CARRIED.

DRAFT ADJUSTED CENSUS URBAN BOUNDARY (ACUB) MAPS

Referring to the maps included in the meeting materials, Stepek explained these are same maps that were included in the last meeting packet for review and comments. The maps reflect the new urban adjusted boundaries that were changed in the recent census. In response to Johnson’s question, Stepek responded that the Road Commission of Kalamazoo County and other Act 51 Agencies should not start using the new maps until federal approval is granted. Approval is anticipated in April 2025. At that time, National Functional Classification revisions will begin. The Technical Committee and Kalamazoo Area Transportation Study staff recommend approval of the proposed boundaries.

Johnson moved, and it was duly seconded by Heppler, **“to approve the Adjusted Census Urban Boundary (ACUB) Maps.”** MOTION CARRIED.

DRAFT PUBLIC PARTICIPATION PLAN AND DRAFT TITLE VI PLAN

Links were provided to both the Kalamazoo Area Transportation Study (KATS) Public Participation Plan and the KATS Title VI Plan. They are also available on the KATS website at katsmpo.org. Copies of the plans were provided at the meeting. Stepek explained these plans were also on last month’s meeting agenda. KATS Staff will incorporate any comments received including those received at the KATS Certification Review. The finalized draft plans will then be presented for approval.

PUBLIC TRANSPORTATION UPDATES

Aardema reported Metro remains optimistic that service levels can be added back due to the recent hiring of new drivers. Progress continues for Microtransit, an on-demand service intended to better service areas not fully linked to the fixed route system. McBride added that the target to begin the Microtransit pilot program is April 2024. The pilot program will last one to one-and-a-half years and will run inside the Central County Transportation Authority boundary. McBride introduced Sarah Joshi as the newly hired Deputy Director for On-Demand Services for implementation of Microtransit service. Members welcomed Joshi. The Central County Transportation Authority (CCTA) / Kalamazoo County Transportation Authority (KCTA) board continues to be happy with and appreciative of the environment provided by the new private security firm for the Kalamazoo Transportation Center. The CCTA/KCTA board completed a positive performance review of Sean McBride, Metro's Executive Director. Rama added KCTA Metro Connect service reported a 12 percent increase in ridership from last year. Rama agreed to drop off Metro Connect flyers to Drouin at Richland Township. McBride agreed to visit Kalamazoo Township and volunteered to visit any other township, to educate staff on the Metro Connect system and changes with it.

EXECUTIVE DIRECTOR'S REPORT

Although the updates are included in the meeting packet, Stepek highlighted the Kalamazoo Area Transportation Study (KATS) financial fiscal year 2023 audit is scheduled for November 6, 2023 through November 8, 2023. The audit will be hybrid with auditors in the KATS office on November 7, 2023 and November 8, 2023. KATS Certification Review went well. A final report will be issued in a few months. Stepek thanked McBride for use of Metro's facilities and the Metro tour. KATS Staff have completed PASER Ratings for the year. With the start of KATS new fiscal year, please continue to email timesheets for contributed service.

NEW BUSINESS

No new business was brought forth.

PUBLIC COMMENTS

No citizens' comments were made.

MEMBER COMMENTS

Praedel reported this may be his last meeting due to the upcoming election for the City of Kalamazoo on November 7, 2023. Praedel expressed appreciation in serving and connecting with members. Work will continue on Ransom Street as long as the weather allows and then resume next spring. The Whites Road project will wrap up shortly. The next project phase will begin next spring. The Patterson Street bridge will open in the next two to three weeks.

Sotherland of the KATS Citizens Advisory Committee announced the Kalamazoo Bike Club is hosting an opening event called "Le Tour de Lane" for the new bike lanes on Michigan Avenue. The event will be held Saturday November 4, 2023 beginning at 11:00 a.m. at Pedal Bicycles downtown location.

Mayle of Michigan Department of Transportation reported there will be a delay in getting apportionment resources. Jeff Franklin was hired as the Executive Director of the Battle Creek Area Transportation Study effective January 1, 2024. Heather Bowden was confirmed as the Michigan Department of Transportation Planning West Region Supervisor.

Heppler reported that the Village of Augusta water project is nearly complete. In partnership with the Road Commission of Kalamazoo County, chip seal projects on Van Buren Street and Augusta Drive are wrapping up. Plans are underway for 2024 projects including the resurfacing of M-96, and replacement of the Washington Street bridge.

Heppler provided the Kalamazoo County update. The 2024 budget was passed. Improvements for the Sheriff Department, courts, and prosecutor's office are included in the budget.

Britigan stated the City of Parchment was awarded a Transportation Economic Development Fund grant from the Michigan Department of Transportation for local street repaving next year.

Sorensen reminded attendees that this year's Michigan Township Association annual banquet will be held November 9, 2023 at The Fountains in Parchment.

Martin reported the Kalamazoo Township Lake Street project is underway and is going well. There have been delays due to the recent rain. This was a partnership project between the Road Commission of Kalamazoo County, the City of Kalamazoo, and Kalamazoo Township. Johnson added County Parks was another partner in the Lake Street project.

Johnson provided the update for the Road Commission of Kalamazoo County (RCKC). Gravel road trials are underway. Work is being completed on the KL Avenue trail. A public hearing will be held in November on the RCKC Capital Improvement Plan and Budget. Comments and feedback are welcome either through a written service request or at the public hearing. Winter maintenance preparations are underway. A preliminary report on crash data for the Safe Streets for All program was presented at last night's board meeting. There were no big surprises in the report. RCKC strategizes on prioritizing those high-risk areas. A related presentation will be available on the kalamazooountyroads.com website or on the public media network. Another trial is underway to use scrap tires for roads. Johnson recommended attendees contact their legislators to discuss and address the future gap in funding for transportation due to more electric vehicles. Studies have shown that funding from the gas tax will drastically decrease as more and more electric vehicles are on the roads. This will result in shortcomings in funding roads.

Kinney reported Van Buren County Road Commission finished sealcoating and fog seal for the year.

Bell reported Oshtemo Township litigation related to the sewer project continues. As a result of the sewer expansion project many residents will be getting new roads in 2024 and 2025. The sewer project on West Main and 7th is behind schedule due to this week's rain. The west portion of the trail from Drake Road to the US-131 overpass will be completed before snow flies this year. A path is planned on 9th Street from KL Avenue to Stadium Drive. Six months ago, a moratorium was placed on private street development. The board extended the moratorium for three months. The township's new ordinance will be available after the new year.

Pfeiffer reported the Michigan Department of Transportation (MDOT) I-94 Portage Road interchange is expected to open October 30, 2023. The third lane on I-94 from Lovers Lane to Sprinkle Road is scheduled to open November 4, 2023. The US-131 project from Schoolcraft to Three Rivers will continue through Thanksgiving. MDOT is preparing for winter. Preparatory meetings are being held with snowplow operators, equipment is being outfitted onto trucks, and equipment is getting calibrated. The bridge replacement project on US-131 over KL Avenue and Amtrak originally planned for a November letting will be in a December letting. Work is expected to start in spring of 2024 for

the two-and-a-half-year project. Traffic will be maintained with two lanes in each direction during the construction. In response to Aardema, Pfeiffer stated traffic will most likely be interrupted under US-131 on KL Avenue during the project. In response to Thompson's inquiry, Pfeiffer responded work cannot begin on the 131 Business Loop project because it is still not fully funded. Design work continues and legislators continue to pursue funding for the \$4-to-6-million-dollar gap. In response to Britigan, Pfeiffer explained that a right-of-way acquisition cannot take place until the project is fully funded.

ADJOURNMENT

There being no further business, Chairperson Thompson adjourned the meeting at 9:41 a.m.

*The next meeting of the Kalamazoo Area Transportation Study Policy Committee will be held on
Wednesday, November 29, 2023 at 9:00 a.m.*

Approved 11/29/23 (er)

Planning Commission Meeting Minutes
October 25, 2023

1. **Call to Order at 6:00pm**
2. **Roll Call** – Chairperson DeBoer, Commissioners Dean, Tecca, Lyon-Jenness, and Bliesener, City Manager Stoddard, and Zoning Administrator (ZA) Harvey.
3. **Approval of Minutes – September 27, 2023**
 - Bliesener noted that on Page 3, 4th bullet point from the bottom, the word simple should be changed to single.
 - Motion to accept the minutes with the revision by Bliesener and supported by Lyon-Jenness. All ayes.
4. **Additions/Changes to the Agenda** – No changes
5. **Citizen Comments**
 - No comments
6. **Old Business**
 - A. Article 15 - Signs
 - B. Review of Article 15
 - Chairperson DeBoer asked Zoning Administrator (ZA) Harvey to go through the changes.
 - ZA Harvey provided three documents to the PC members:
 1. Complete draft text
 2. Clean Copy
 3. Set of tables and the former table so that it could be compared
 - Section 15.1 – Intent – This was rewritten
 - Section 15.2 – Definitions – Even with additions, this section went from 51 definitions down to 37. Sign area language and graphics was added. Temporary signs explained a variety of signs (balloon, etc.), Directional signs were corrected, Electronic signs were expanded and the definition of ground sign was expanded.
 - Section 15.3 – Exempt Signs – Redundancies were removed reducing the amount of exemptions from 11 to 3
 - Section 15.4 – Prohibited Signs – Reduced from 14 to 10
 - Section 15.5 – General Sign Regulations – Sign surface was deleted. All the sign standards were compiled into this section; this was reorganized. Minor supplement changes occurred.
 - Section 15.6 – Direct Sign Regulations – The effort was focused on sign tables; all is essentially new in this section. The PC will decide to regulate or not the

following: development signs, residential and commercial signs. Parks have directional signs, helpful signs.

- In this section, the standards were looked at and the redundancies were reduced. All zoning districts have all that is current in our ordinance. The sign standards were condensed into a table with the following information: What kinds, how many, how big, how tall, and location requirements. It will be easier to look at a table to see what is allowed. All the standards are in the table with the added items in bold. C3 – Size standards for ground and monument signs are in this section but they need to be in all the districts. The ZA matched the sign standards in the other districts. Temporary signs needed to be written to bring the ordinance into content neutrality. The PC may want to regulate the number signs allowed, how big, and to look at the format and how it will be used.
- Changeable signs –The changes to this section speak to the nuances that are not currently in the ordinance. It also speaks to the percentage of sign allowed, which the current ordinance lacks. The changes add structure to the ordinance.
- Murals was an added definition, which is currently subject to PC review. Is a mural a sign? The new definition clarifies that a mural is artwork. If a store name/brand is on the mural, then it becomes a sign. Authority to regulate artwork is arbitrary. The example used is from the City of Holland ordinance metrics and can be changed. The PC needs to decide if they like the idea of mural regulations. If not, take out murals. They can be regulated with the percentage of their size on the building.
- R-3 Residential Transition – Things for the PC to consider: There are no limits on the amount of signs allowed. Signs are only limited by frontage. Wall signs – The PC may not care how many but may be concerned about the size. Currently, projecting signs on a corner parcel, in a non-residential area are allowed to have signs on the ground, one on the wall, and a projecting sign. ZA Harvey added one sign per store front to the table, although the PC may want to have two signs per store front. Currently canopy, marquis, and projecting signs are allowed; the PC may want to change that to one sign is allowed.

Key – Bold writing represents something we don't do now. This table should be helpful to the public because it is easy to read. The PC could decide to use some different ideas in the new table.

- Section 15.7, 15.8 – Maintenance of Signs, 15.9 – Nonconforming Signs – These will be corrected and reorganized for clarification.
- Section 15.10 – Sign Permits, 15.11 – Violations, 15.12 Severability – These are new portions that should be added to the ordinance, related to violations. Violations used to be misdemeanors, changed to civil infractions; these must match with the ordinance.

Discussion

- Lyon-Jenness asked about the electric display signs and if the City Hall sign was considered to be one. ZA Harvey stated that it is considered a #1) Electronic changeable copy sign; most signs with letters are considered this.
- ZA Harvey said that pictures and graphics signs are considered 2). 3) Video display sign. The way the ordinance is written allows for 1 and 2. We define 3 and 4 because they are prohibited signs.
- Dean stated that she likes what was added to murals.
- ZA Harvey stated that the City could limit how many murals are allowed.
- Tecca stated that he has seen towns with multiple murals and they draw in the public.
- Lyon-Jenness said that a mural could be a historical story/picture.
- ZA Harvey has heard that some people view murals as graffiti.
- Bliesener thinks it looks great and that the PC has to wrap its head around the decision.
- DeBoer stated that the PC will need to take a close look at temporary signs.
- Lyon-Jenness asked about prohibited signs on page 6, animated signs definition. What is disallowed?
- Bliesener said that it makes her think of a waving sign in Vegas, with its action/movement.
- ZA Harvey said that signs that spin, like beacons are not allowed.
- DeBoer recalled a rotating sign at Orrin B Hayes.
- Tecca spoke about Section 15.5 where obscene matter is prohibited. He feels that the way that it is stated is interpretive. Even if it is something like the sculpture of David, some would say it is unacceptable.
- ZA Harvey said that currently the City ordinance can identify and regulate what is allowed. Standards may be subjected to interpretation. The PC has the right to regulate it.
- Bliesener said that she would like the PC to regulate it.
- ZA Harvey said to have the City attorney look at the language of this standard to see if it's acceptable. She also spoke to language about a non-used sign that was removed from the current ordinance. If the City is not enforcing this part of the ordinance, then it needs to be removed. Signs in disrepair and standard zoning language remains.
- DeBoer asked ZA Harvey what the PC will work on at the next meeting besides any questions that they have from diving into Section 15.6.
- ZA Harvey confirmed that the focus would be on Section 15.6. They would also be looking forward in January 2024 to do some housekeeping, annual reporting, elections and the Work Plan. Items in the Work Plan would include: Items in the Master Plan, Identified by using ordinances and consistency with State laws. She will share ideas for the Work Plan in November.

- DeBoer stated that he has been keeping track monthly of what has been going on, but would like ZA Harvey to check the PC's track record. He asked if she would come with suggestions that include a small narrative.

7. New Business - None

8. Comments from Planning Commissioners

- Lyon-Jenness asked about the sale of property in the City. Specifically if there were provisions to reacquire the parcel if a developer did not do the work. The City Manager stated that the real estate attorney has been advised regarding this situation.

9. Next Meeting – November 29, 2023 at 6pm

10. Adjournment – Motion by Lyon-Jenness, supported by Bliesener. All ayes. Meeting ended at 7:05 pm.
